publicado na secretaria da prefeitura Municipal *
de Delmiro Gouveia, em 30 de novembro de 1964.

Wesley Pereira de Sá
secretário.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the integrity of the financial system and for the ability to detect and prevent fraud.

2. The second part of the document outlines the various methods used to collect and analyze data. It describes the use of statistical techniques to identify trends and anomalies in the data, and the importance of using reliable sources of information.

3. The third part of the document discusses the role of the auditor in the financial system. It explains that the auditor's primary responsibility is to provide an independent and objective assessment of the financial statements, and to ensure that they are prepared in accordance with the applicable accounting standards.

4. The fourth part of the document describes the various types of audits that are commonly performed. It includes a discussion of the differences between internal and external audits, and the specific procedures used in each type of audit.

5. The fifth part of the document discusses the importance of communication in the auditing process. It explains that effective communication is essential for the auditor to gather the necessary information and to convey the results of the audit to the appropriate parties.
